You bet.

In a related matter, we're close to the end of our review of documents for the FOIA request seeking several categories of communications between EPA and Colorado (and between EPA and municipalities, etc.) – info on request here:

<https://foiaonline.gov/foiaonline/action/public/submissionDetails?trackingNumber=EPA-R8-2019-005678&type=request>.

Garry

I just left you a message about the proposed rule for Denver being signed by the RA today. A prepublication version is now available on EPA's website.

General site: <https://www.epa.gov/ground-level-ozone-pollution/2008-ozone-national-ambient-air-quality-standards-naaqs-nonattainment>

Denver notice: <https://www.epa.gov/ground-level-ozone-pollution/proposed-action-finding-denver-area-failed-attain-2008-ozone-national>

National notice: <https://www.epa.gov/ground-level-ozone-pollution/final-determinations-attainment-attainment-date-extensions-attainment>

We have also put together a press release that should be going out later today.

Call me if you have any questions.

Thanks

Carl Daly, Acting Director  
Air and Radiation Division
